

Thousand Hills State Park Boat Rental Facility

Kirksville, Missouri

Located at the popular Forest Lake Marina, this boat rental operations building provides a functional and aesthetic shelter for a variety of park functions including boat rental and repair, bait sales, tackle and gear sales, offices, laundry, and restrooms.

To add interest to the interior, trusses and ductwork are exposed and a symbolic reference to ships and boats is utilized.

The building is split into several main areas - the laundry facility for campers, retail area, boat maintenance garage, bait area and

restrooms. All are connected but each has its own entrance for convenience. Central to the facility is a multi-purpose area for a variety of sales and meeting functions.

The exterior of the building combines natural wood trim and siding in earthtone colors to blend into the natural surrounding area. The building is strategically located to maximize the view of the lake, as well as the natural setting in the forest.

The boat rental building interior.

Visitors can rent boats and purchase supplies in this mutli-functional building.
