Peckham & Wright Architects, Inc. is pleased to announce that Shannen Imsland has successfully completed the Architectural Registration Exams and is now a registered architect in the State of Missouri.

Since joining the firm in June of 2000, he has served as a Project Architect on a variety of medical, education, sports, commercial and emergency services projects. With experience in pre-design through construction administration, he has been instrumental in the preparation of construction documents and project administration for both traditional and design-build projects. Currently, he is working on the new Columbia Fire Station No. 9 and two fire station projects in Holts Summit, Missouri

In 2000, Shannen received his Bachelor of Architecture with a Minor in Global Perspectives from Drury College in Springfield, Missouri. Raised in Centertown, Missouri, he currently resides there with his wife Katrina and their daughter Kendall.

Celebrating its 30<sup>th</sup> Anniversary, PWA is an award-winning architecture, planning and design firm located in downtown Columbia. The firm is currently finishing construction administration for the Eco Schoolhouse at Grant Elementary School and overseeing the construction of Columbia's new Fire Station No. 7. The firm's commissions include educational, corporate, healthcare, government, and athletic facilities.
